## Experience

Junior Software Engineer

Mar 2023 – Sep 2024

**Tinext Italia**

Gallarate, Italy

Consultant for web application development using Magnolia CMS for various Italian and international clients. Worked on multiple projects focusing primarily on SEO and accessibility. Also participated in projects from the start, working in the design and project management.

Java, Magnolia CMS, HTML, JS, CSS

Junior Software Engineer – Internship

Sep 2022 – Feb 2023

**Tinext**

Morbio Inferiore, Switzerland

Pre–employment internship.

Software Developer – Freelancer

Feb 2022 – Dec 2023

**Zephframe**

Seoul, South Korea

Software Developer for a start-up in the Building Management System sector, primarily focused on Front–end development for web application with React and NextJS with TypeScript. With, also, experience in API development and DB management.

NodeJS, MongoDB, React JS, NextJS

Tutor

Jun 2025 – Dec 2025

**Kodland**

Milan, Italy

Online tutoring for students from age 8 to 17, supporting them in developing projects with Python, Scratch and web technologies. As a tutor, my role included creating exercises to apply programming concepts, introduced coding and debugging strategies, and supported students in developing applications.

Python, Scratch
